GA Hire - Terms & Conditions

1. A minimum hire period of 1 week applies to instruments processed on “Weekly Hire”
2. Geotech’s Hire Fleet contains only ATEX Certified Gas Analysers – users are advised to ensure ATEX/DSEAR regulations are followed when using the equipment.
3. Units are “On Hire” from the day they are received by the customer.
4. Units are “Off Hire” from the day they are received at Geotech, unless otherwise agreed.
5. Preferred Hire Duration Price Breaks are to be agreed and enacted at the onset of the hire.
6. In the event that equipment is returned late, additional charges may apply. “Late” for Weekly Hire is more than 2 days after its scheduled return.
“Late” for Service Duration is
 - The ‘Service Unit’ arriving more than 3 days after the ‘Hire Unit’ was delivered and/or
 - The ‘Hire Unit’ arriving back more than 3 days after the ‘Service Unit’ was returned.
7. It is the responsibility of the Customer to ensure units are returned in accordance with the above limits.
8. Units returned to us that have been subject to physical damage, or NOT used in accordance with the operating instructions, may be subject to additional charges.
9. You will be notified if the hire equipment is returned with any items missing. Failure to return these within 1 week of notification will result in an invoice being issued for replacement, at Geotech’s standard list price.
10. Should you receive your Hire Equipment and notice anything missing, this should be reported within 24 hours of receiving the hire equipment.
11. Users should ensure any relevant data is downloaded before the equipment is returned. Unsaved data cannot be retrieved.
12. Use of our UPS account other than for the return of the Hire Equipment will be subject to penalty costs. Any problems arranging collection of the goods after the Hire period has ended should be reported to Geotech immediately.
13. This offer does not negate or alter your statutory rights.
14. All Geotechnical Instruments (UK) Ltd standard terms and conditions apply. Available on request.
